REQUEST FOR CORRECTION OF DATE OF RECEIPT OF 35 USC 371

REQUIREMENTS AND REQUEST FOR CORRECTION OF DATE

OF COMPLETION OF ALL 35 USC 371 REQUIREMENTS

Applicant has received the attached Notice of Acceptance of Application Under 35 USC 371 and 37 CFR 1.495. However, this indicates an incorrect date of completion of 35 USC 371 requirements.

Applicant attaches the PCT form PCT/RO/101 filed in the International Application. The document includes an Inventor's Declaration with all aspects required. The document is signed by all of the Inventors and the document was properly submitted in the International Phase such that upon entering the U.S. National Phase, the document is already considered part of the application.

The date of completion of all 35 USC 371 requirements is the date of entry of the

National Phase, namely June 9, 2006 at which time an English language translation was filed.

Applicant further notes that the Supplemental Declaration filed in this case does replace the earlier filed Declaration but does not negate the date of completion of all 35 USC 371 requirements. The new Declaration (Supplemental Declaration) also includes a Power of Attorney.

It is requested that the date of completion of all 35 USC 371 requirements be corrected. The correct date of completion of all 35 USC 371 requirements is June 9, 2006. It is requested that a Notice be issued such that Applicant can also request a corrected Filing Receipt.

Respectfully submitted
for Applicant,
